SENKO Co., Ltd. (President: Yasuhisa Fukuda, "SENKO") established "Senko Forwarding Co., Ltd." (Senko Forwarding) and "SENKO International Trading Co., Ltd." (SENKO International Trading) on April 1, 2020.

Senko Forwarding was incorporated with the aim of creating a global network linking overseas sites by strengthening forwarding services capable of responding swiftly to changes in international circumstances and providing high-quality customs clearance in Japan. It is a new company that inherits the "International Forwarding-Customs Clearance Department" of Senko's International Logistics Business Division as well as the forwarding and customs clearance businesses of Senko's Kanagawa Branch, Yokohama Service Office, Nagoya Main Branch, Nagoya Service Office, Hanshin Branch/International Osaka Sales Office and Hanshin Branch/International Kobe Service Office.

SENKO International Trading was incorporated to establish the core trading and commerce business domain of the SENKO Group by clearly identifying business domains and securing human resources suited to trading and commerce to significantly expand business. It is a new company that inherits the "Trade Department" of Senko's International Logistics Business Division.

Expanding overseas business operations is one of the major themes in the SENKO Group's 5-year medium-term management plan running through to FY2021. Establishing these new companies strengthens SENKO's implementation framework and will serve to further expand operations overseas.
