(Headquarters: Koto-ku Tokyo; President: Hidemitsu Yokota) held a completion ceremony on October 15 for the "Tokyo Eastside Hotel Kaie" (Hotel Kaie). Approximately 60 guests including people involved in construction and special visitors were invited to the event and ceremony.

The exterior of the building has been designed with Japanese-style weather board cladding, and the open-air inner courtyard features a bamboo thicket, giving the entire atmosphere a traditional Japanese feel.
